EXTENSION OF TERM

NOTE: "Extension of Time in Patent Cases (Supplement Amendments) - If a timely and complete response has been filed after a Non-Final Office Action, an extension of time is not required to permit filing and/or entry of an additional amendment after expiration of the shortened statutory period.

If a timely response has been filed after a Final Office Action, an extension of time is required to permit filing and/or entry of a Notice of Appeal or filing and/or entry of an additional amendment after expiration of the shortened statutory period unless the timely-filed response placed the application in condition for allowance. Of course, if a Notice of Appeal has been filed within the shortened statutory period, the period has ceased to run." Notice of December 10, 1985 (1061 O.G. 34-35).

RESPONSE TO NON-FINAL OFFICE ACTION (Paper No. 20040107)

Sir:

This responds to the non-final office action, mailed January 13, 2005.

In the patent application, claims 1-15 are pending. In the office action, all pending claims are rejected under 35 U.S.C. 103(a) as being unpatentable over *Chew et al.* (U.S. Patent No. 6,664,991, hereafter referred to as *Chew*) in view of *Clark et al.* (U.S. Patent No. 5,995,101, hereafter referred to as *Clark*).

In rejecting claims 1, 7 and 13, the Examiner states that *Chew* discloses a series of operational steps including:

contacting the screen at the designated area with the physical object by pressing; and
keeping the physical object at the designated area longer than a selected time to cause the electronic device to provide the message (see col.1, lines 56 to col.2, line 9).

I hereby certify that this correspondence is being deposited today, May 10, 2005, with the United States Postal Service with sufficient postage as first-class mail in an envelope addressed to: Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.
